This diagram shows an exploded perspective view of a mesh container assembly. The main component is a rectangular mesh container (201) with a grid pattern. It has a top rim (231) and a bottom rim (220). A handle (232) is attached to the side. A lid (270) is shown above the container, with a top surface (272) and a side wall (271). A strap (260) with multiple segments (261, 262) is shown between the lid and the container, likely used to secure the lid. A small rectangular piece (230) is also shown near the container's rim.
